A study of the above report will show that the San Mateo High school has excelled ours for the first time in size. With the rapid growth of our neighbor this was to be expected. The San Mateo grammar school is more than double that of Redwood in size, yet their freshman class enrolled but 47 to our 36. It is some satisfaction that except in size our school has surpassed the other in every point named in this report. Had all our districts done their duty in sending in new pupils, we would still have led in size. Two pupils came last year from Greersburg, 2 from Ravenswood (North Palo Alto), 2 from the Coast, 1 from Mayfield, and 1 from Nevada; and Belmont, Menlo and Redwood furnished all the others. Portola, West Union and Las Lomitas furnished no new pupils last year, and none for the year before. Two of these districts have no graduates this year. San Mateo also graduated 8 while we graduated but 6. For three successive years this school sent out 14 graduates, and then the number fell to 6. Next year we shall again have a large senior class—some 16 or more: and will no doubt graduate a class of the old time size. Last year three girls form this school entered the San Jose Normal, and a like number of boys entered Stanford University. This year two girls and two boys will enter Stanford and none will enter the Normal school. The coming senior class will probably send more representatives to Stanford than any class in years. We hope to make the quality harmonize with the quantity. The prospects seem good for a large entering class this year—the largest since 1905 when the Freshmen numbered 47. Next year we hope to crowd our neighboring high school more closely than this year on the points named in this report.—S. P. McCRAE.

Wellesley Park Notes.

James V. Neuman, County Surveyor, is busily engaged this week making up profiles, etc., for macadamizing the the streets in Wellesley Park. When this work is completed the Company owning the Park will have completed the whole of the improvements promised by them, a showing which is a credit to any one.

Henry Marten, President of the Enterprise Foundry in San Francisco, has started building in Wellesley Park. Mr. Marten's son-in-law, Dr. P. H. Kroeck of San Francisco, has nearly finished a handsome bungalow there, and this fall Dr. Guth and Mr. Koenig, both of San Francisco, will commence building.

Frank D. Hardie, an employee of the Southern Pacific for a good many years, and son-in-law of ex-mayor Spaulding of Oakland is tenting on lots recently parchased by him in Wellesley Park and will also commence building soon.

All in all the owners of the Park are extremely gratified at the prospect for it.

HERE AT HOME.

Redwood City Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise, there is no room left for doubt. Read the public statemnt of a Redwood City citizen:

Samuel Hall, living at 507 Stambaugh st., Redwood City, Cal., says: "I was troubled more or less for three or four years from a disordered condition of the kidneys. I did not suffer from backache, but an annoying symptom of a disordered condition of the kidney secretions, and I was forced to arise many times during the night on account of their too frequent action. Doan's Kidney Pills were brought to my attention, and deciding to give them a trial, I procured a box at P. A. Ryan's Drug Store. I used them according to directions and the kidney secretions became normal and regular and the weakness disappeared. I heartily recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

We take pleasure in announcing that Mr. Duke S. Hill of Paris, Texas, has been chosen commercial teacher in Squoia Union High school for the coming year. His education was secured in the High School of Marion, Kentucky, and the State Normal School at Lexington. For a time he was a student in Chicago University. He is about 35 years old, and has had about fifteen years experience in commercial teaching mainly in business colleges at Marion and Louisville, Ken., and at Evansville, Ind. In the latter city he was for seven years in charge of the English and commercial departments of the Lockyear Business College. He resigns as Principal of the Commercial and Penmanship deparments of the Paris Commercial college at Paris, Texas to accept the position in our High school. He is a married man having a wife and three children, and with his experience along business lines he should be quite an acquisition to our town. Last but not least he is both interested and informed along athletic lines, and will be able to wisely guide such work among the boys of our high school. He is at present the President of the Athletic Association of Paris, Texas, and somewhat skilled in baseball. We have no doubt our boys will find him a very serviceable man when they engage in athletic contests with the boys of other schools. We hope this teacher and Misses Wolfenden and Swain may be heartily received by our pupils and their parents, and be made to feel at home in our midst.
